*“The superficial aspect of knowledge is knowing and understanding; the real nature of knowledge is the state of knowingness, the state of pure consciousness, or Being.” — Maharishi*

# The Dreier Building

GOLDEN JUBILEE

*“The expansion of happiness carries with it the expansion of intelligence, power, creativity, and everything that may be said to be of significance in life.” — Maharishi*

# Maharishi Veda Bhavan

GOLDEN JUBILEE

*“Modern science has arrived at the level of the Unified Field—but cannot enter there. Founded on an objective, intellectual approach that divides knower from knowing from known, it cannot fathom that field of unity—it cannot enter that place from which speech returns (Yato vācho nivartante). That is the unique domain of Vedic Science—the science of wholeness. Modern science is camping on the shores of my eternal Vedic Science.”*
